Certificate of the Project manager indicating experience in Microsoft SharePoint.

So this provider should submit CV, submit a project Manager Certificate, certification, Accreditation, Project management.

No points will be allocated if the project manager has not submitted a project management certificate, certification or accreditation.

The the team member.

But it the project manager, maybe an employee or the contractor.

Meaning you can subcontract, you can get someone from a different company to be a project manager for your company on this project and then we will provide points as follows.

Less than one year, 01 year to less than two is 3/2 to less than three is 4, and then three years or more it's maphala five points, but provided they need to have some sort of a certification in project management and then if they don't have that sort of certification and project management, we will not be giving them points.

We will not be scoring them if they don't submit that certification, that accreditation, whatever certification we have in project management, Please ensure that your project manager has caught this.

SharePoint from 2018 up to the closing of the tender.

With anything from 2018 there up to closing off the tender, then the tender must include the client company name, contact name, email address or telephone or cell phone type of work or service conducted the year the work was done and it must be signed and dated.

□ **Erick Nkashama** left the meeting

JK **Jackie Kwinika** 22:39

Very important.

One letter is 1.5 or more letters.

You get the maximum points, which is 30 maphala free.

OK.

And then the minimum threshold is 70.

The mining you need to get at least 70 for you to be considered further for price and preference points.

Functionality evaluation.

That's how we will be scoring.

On functionality you need to get a 70 points and then also the maximum error is 5.

If you get this five, it means simply converted to it 50 a four, it'll become 24.

You can make those calculations.

One will become 612182430, yeah.

OK.

Then price and preference points.

Uh, it will be 80 points for price and 20 for the BANKSETA preference points.

And then this is how the BANKSETA preference point looks like.

I remember each and every organization has got their own preference point system.

All OK, Ella, the floor is open.

You can lower your hand, could you want if you are answered.

EM **Ella Maswanganye** 43:13

OK, OK.

My question is also around the CV's on team member.

Member is it one person?

Or maybe it is members.

We can submit more than one.

JK Jackie Kwinika 43:28

Hmm, let me check.

EM Ella Maswanganye 43:31

Team member certification is the second one.

JK Jackie Kwinika 43:34

Because what would we said, team member, team member, team member, which is one person to me, the way I'm I'm reading it and then in case you submit them to see please just take the your the CV with the highest experience and the qualification and submit to help us from our side and also is very important to indicate who is who the cause some people will be bringing US11 TV and those of you don't even say who is who on those things and then you must be guessing no please don't have time to go around kissing who is who in your project.

EM Ella Maswanganye 43:41

All right.

JK Jackie Kwinika 44:18

Team, please indicate clearly who the project manager is and who the team member is, I said believe.

OK.

Thanks.

Thanks for that.

I see there is no other hand.
